Dear Dr Wyman,

**Project:** Fraud victimization among older adults: Individual experiences and effective remedies

The King's University College Ethics Review Committee (RERC) have had the opportunity to review the amendments you recently submitted on this previously approved study.

We are pleased to inform you that the research activities as outlined meet the ethical standards for research as outlined in the TCPS2 – Tri Council Policy Statement: Ethical Conduct for Research Involving Humans (2022).

Please keep in mind that if any aspect of the research is or will be changed in future, that you will need to consult with the person who is the Chair of the RERC to determine if further review is required. Also, within 30 days from the end of the period for which approval has been granted, please provide an end of study report to ([ethics@kings.uwo.ca](mailto:ethics@kings.uwo.ca)).

Please note this approval is valid until May 27, 2026.

We wish you every success with this study,

Sincerely,

*Andrew Mantulak*
