

Compassionate Community Startup Toolkit

Purpose: The start-up toolkit is designed to support community champions within Canada to start their own Compassionate Community.

How will this help me?

The toolkit will help you present the concept of a compassionate community, prepare for meetings, and will help your initiatives get started faster and more efficiently.

The Startup Toolkit met

91%

of pilot communities' expectations

Items included in the tool kit:

- Presenters guide, speaking notes and presentation tools
- Community engagement activities and discussion questions
- Video with Honourable Carstairs, "Living well until the end: the role of community".

"We would not have been able to launch our event without the toolkit. So, thank you for allowing us to build on the shoulders of giants."

- Heart House Hospice

80%

of pilots had a clear understanding of the next steps/actions for starting a Compassionate Community.

"The toolkit gave us a step by step guide to get us started with easy-to-follow directions to make our presentation to the community a success. ... This toolkit was a great initial step to kick starting our compassionate community."

- Drumheller, Alberta

100%

would recommend the toolkit to other communities and community leaders
